- Delineated the marketing strategy of the firm through customer profiling, services push and follow-ups (calls, emails, visits);
- Feasibility studies with heavy reliance on locally sourced solutions;
- Manage Front End Development needs of customers;

Head, Cash Operations, First Bank, Nkpor, Nigeria   Sep 2015 – Aug 2016
- Branch Vault Management and Setting of local performance metrics;
- Process Troubleshooting, Cash Evacuation and maintenance of ATMs for 100 percent uptime;
- Fortnightly in-branch training of staff on new or revamped products and services, and new regulatory directives by the regulatory bodies.

Head, Customer Front Desk, First Bank, Nkpor, Nigeria   June 2014 – Aug 2015
- Customer relationship management with 10 minutes TAT and 90% complaints resolution on a daily basis;
- Coordinate feedback between Services and Retail Departments.

VOLUNTEER EXPERIENCE:

[Cantcha](#) (CodeTheCity, Aberdeen)   **May 2018 (in progress)**
A project organised by Code The City Aberdeen themed "[Hacking Our Relationship With Alcohol](#)". The aim of this project is to demonstrate how difficult it is to tell an alcoholic drink label from a non-alcoholic one by the ordinary user, and using machine learning to develop a captcha that can catch these grey areas.

English Language Support Project   **February 2018 – March 2018**
University of Aberdeen
Mentoring current international offer holders vis-à-vis providing them with insight on the student life experience to nudge them in the right direction preparatory to eventual sojourn in the University as well as helping them practise their English for those who may need a little help in that direction.

Peer Education Trainer   **Aug 2011 – June 2012**
HIV/AIDs Peer Education Training Project through the NYSC, Sayonti, Lau LGA, Nigeria

Organised and successfully implemented an HIV/AIDS Peer Education Training of the students of GDSS, Sayonti, Taraba State; Organised Road shows and sensitisation seminars in the community; Partnered with the Local Hospital to sensitize pregnant women and other vulnerable people on health issues and personal hygiene.

President, Student Association   **April, 2009 – April, 2010**
National Economics Students Association (NESA), UNN Chapter, Nigeria
- Supervised administrative duties of the organization;
- Organized and coordinated Excursions, talk shows, debates, seminars and symposia both within and outside the department of Economics

WORK RELATED SKILLS:

IT: Object Oriented Programming; Frontend development (design and implementation using CSS, Bootstrap); Application Building and Testing; XAMP/WAMP; Heroku, MYSQL; Computer Hardware troubleshooting and repairs.

*Communication***:** I have successfully completed curated courses/trainings on business communication at the First Training school in Lagos. I have also been in positions in which I have to make presentations to varied audiences which have helped hone my communication skills.

Leadership: I have held leadership positions formally as the head of two units in First Bank, Nigeria, and also as the student union president during my undergraduate years. I understand the varied nuances to managing human capital and other resources to optimally achieve stated goals. I have learned how to leverage on the platform for policy formulation and implementation offered by leadership positions to galvanise effort towards achieving objectives.

Teamwork: As a student and as department president, much of the academic and non-academic tasks requires teamwork and the collaboration of everyone on board. My job at First Bank also required substantial amount of team work and has ingrained in me the indispensability of co-operation in the professional settings. At the core of my current academic efforts is the effective use of collaboration to complete projects.

AWARDS:

Recipient: Nigeria Liquefied Natural Gas (NLNG) [Postgraduate Scholarship](#) (2018)
